• From last time
  – Any more questions about making profiles or getting resources?
• Status reports
• Go through final project format handout
  – Use tools from the class
    * Sensitivity analysis
    * Confidence intervals
    * Properly select number of repetitions
  – Make a document you can be proud of
• Go through two examples from blog
  – Get a sense for what a well-written report looks like
  – Will give bonus points for producing something good enough to make public or use as the start of
    a workshop paper
• For next time
  – No reading for Tuesday
  – We’ll talk about giving talks
  – Work on papers
  – Any questions about turning in weekly tomorrow night?
    * Remember: progress!
